WARNINGS:

- HANDLE WITH CARE
- May cause irritation of the skin, eyes, mucous membrane and skin sensitisation.
- Contents are flammable and under pressure.
- Do not spray near open flames or directly onto electrical equipment.
- Do not leave on hot surface e.g., stoves, radiators or in direct sunlight.
- Temperatures higher than 50 °C may cause the container to burst.
- Keep out of reach of children, uninformed persons and animals.
- Do not puncture or incinerate container.

PRECAUTIONS:

- Avoid excessive inhalation.
- Do not use in the presence of persons with known sensitivity to pyrethroids.
- In the case of signs of sensitivity, obtain medical advice.
- Avoid contact with skin, eyes and clothing.
- In case of contact, wash thoroughly soap and warm water.
- Remove pets and cover fish tanks before spraying.
- Do not spray onto food utensils or food preparation surfaces.
- Do not spray onto plants or animals.
- Avoid wetting plastic, rubber and asphalt surfaces such as tiles and floor coverings.
- Do not spray on rugs, carpets, curtains, wallpaper or similar materials that may stain.
- If misuse results in accidental illness, consult a doctor immediately.

DIRECTIONS FOR USE:

Use only as directed.
Shake well before use.
Hold can as upright and as high as possible when using as a space spray.

TO KILL FLYING INSECTS

- **CONTACT SPRAY**
Spray a 1-2 second burst directly at the FLYING insect.
- **SPACE SPRAY**
For the treatment of an average sized room. Close windows and doors. Spray into air for 5-8 second. Commence spraying at the furthest point of the room from the exit. Spray in a sweeping motion whilst moving towards the exit. Close door. Vacate room for 15 minutes after spraying leaving it closed. Ventilate room for 15 minutes before re-entering.

TO KILL CRAWLING INSECTS

- **CONTACT SPRAY**
Spray a 1-2 second burst directly at the CRAWLING insect. For fleas, spray carpets and the top and underside of mats and rugs.

FLUSHING INSECTS OUT OF HIDING PLACES

- Spray 1-2 second burst into cracks, crevices, under stoves and refrigerators, in cupboards, drawers and under sinks.

300 ml
