1. WARNINGS:

- Handle with care. May cause skin and eye irritation.
- Poisonous when swallowed, inhaled or absorbed through the skin.
- Toxic to fish.
- Do not spray directly onto food.
- Store in a cool, dry place away from food and feed.
- Keep out of reach of children, uninformed persons and animals.
- Do not apply to surfaces where food is handled.

Although this remedy has been extensively tested under a large variety of conditions, the registration holder does not warrant that it will be efficacious under all conditions because the action and effect thereof may be affected by factors such as abnormal soil, climatic and storage conditions; quality of dilution water, compatibility with other substances not indicated on the label and the occurrence of resistance of the pest against the remedy concerned, as well as by the method, time and accuracy of application. The registration holder furthermore does not accept responsibility for damage to crops, vegetation, the environment, or harm to man or animal or for lack of performance of the remedy concerned due to failure of the user to follow the label instructions or to the occurrence of conditions which could not have been foreseen in terms of the registration. Consult the supplier in the event of any uncertainty.

2. PRECAUTIONS:

- Do not eat drink or smoke whilst handling this product.
- Prevent contamination of food, feed, drinking water and eating utensils.
- Wear rubber gloves and face shield when handling the concentrate. If you get it in your eyes, flush it out at once. If you get it on your skin, wash it off at once. If you spill it on your clothes, change and wash them.
- Wear protective clothing (overall with long sleeves), gloves, mask to cover nose and mouth and face shield when applying pesticide indoors. Avoid contact with the spray as much

as you can. Avoid spray drift onto other crops, grazing rivers or dams.

- Clean applicator thoroughly after use and dispose of wash water where it will not contaminate crops, grazing, rivers or dams.
- Destroy empty container and do not use for any other purpose.
- Change and wash your work clothes.
- Wash yourself.

DIRECTIONS FOR USE: Use only as indicated.

Use hand held spraying equipment. Avoid fine droplets or spray mist, especially when applied indoors.

Calibrate spraying equipment before mixing **ICON**. Half fill spraying equipment with clean water, add the required amount of product while agitating the mixture. Fill the tank to correct volume with clean water - pH of water must be between 6 and 7. Maintain agitation of spray mixture throughout application.

TARGET	DOSAGE/ 10 l water	MONTHS CON- TROL	REMARKS
Apply spray mixture to 250 m² Indoor residual sprays (IRS) e.g. reed, PVA, cement and mud daub			
Mosquitoes and Malaria vector control	62,5 ml	9
